

# DO YOU NEED A RIDE?

**Mass 2-1-1 and Lyft are partnering to fill the gaps in transportation needs with RELIEF RIDES.**

## **LYFT rides may be scheduled for the following three types of calls:**

- Non-emergency medical appointment, ER visit return home, or access to other healthcare services
- Transportation to local food pantries or to apply for the Supplemental Nutrition Assistance Program (food stamps)
- Transportation to apply for financial assistance or public benefits including Department of Transitional Assistance, Emergency Aid to the Elderly, Disabled, and Children and Supplemental Security Income

Callers from any of these communities may request a LYFT as long as the destination is also within the coverage area for that market.

**Springfield • Agawam • Chicopee • Feeding Hills • East Longmeadow • Longmeadow • West Springfield**

Rides for qualified callers will be scheduled from 8am to 4pm Monday through Friday.  
This program is not available nights or weekends at this time.

**To find out if you are eligible for a "Relief Ride" simply dial 2-1-1**

MASS 2-1-1 is a program of your local United Way
