**Nurturing Fathers Programs** bring together men from all family circumstances (custodial, non-custodial, step-fathers, new fathers) to explore what it takes to be their child's nurturer and teacher.

Fathers learn how important it is to provide loving praise and a nurturing and secure environment so that their children gain self-esteem and confidence.

The program also emphasizes the importance of maintaining a positive and supportive co-parenting relationship with the child(ren)'s mother, whether the parents are together or separated.
